## About Me

---

An aspiring IT intern with a strong background in the creative industry, I am a motivated and skilled professional who excels at thinking outside the box and delivering unique, visually appealing concepts. I possess a solid foundation in various aspects of the creative field and have a strong passion for combining artistic vision with technical expertise. As an excellent collaborator and communicator, I thrive in team environments and have a keen eye for detail. With a drive for delivering projects on time, I am eager to contribute my skills to the IT industry and gain valuable experience as an intern.

## Professional Experience

---

Capstone Project: Dr. Abels Adventures – A Game-Based Application to Enhance Knowledge and Awareness About Communicable Diseases

2022–2023 – ([Download it here](#))

Key responsibilities:

- Created and edited sprites and assets used in the project.
- Designed the main menu, controls, and other user interface elements for the game.
- Prepared and created dialogues and quizzes to be incorporated into the game.
- Consulted with the teacher to integrate learning elements effectively.
- Took charge of the overall aesthetics of the game, including maps, animations, and music.

## Organizational Experience

---

The Ateneo Consortium of Technological, Information and Computing Sciences | TACTICS

2018–2019

Key responsibilities:

- Documented organizational events to ensure accurate records and facilitate future reference.
- Updated the bulletin board with relevant information for effective dissemination.
- Took charge of creating certificates and nametags as part of the Communications Committee.
